EXPERIENCE

Intern, LexMeet – *Pasig City*
Aug 2023 – Oct 2023
• Contributed to the frontend development and design of
the company homepage using modern web technologies.
• Gained hands-on experience in HTML, CSS, JavaScript, and
other programming languages.
• Used Git for version control, regularly pushing and pulling
code to collaborate.

Intern, Innovato Information Technology Solutions –
Parañaque City
Aug 2024 – Nov 2024
• Developed a complete Daily Time Record (DTR) system,
handling both frontend and backend using Laravel (PHP)
and Tailwind CSS.
• Designed and implemented user interfaces, database
structures, and core functionality for efficient time tracking.
• Participated in client meetings and gathered requirements
directly from stakeholders.
• Deployed the system on-site and provided support during
implementation.
• Attended User Acceptance Testing (UAT) sessions, took
detailed notes, and documented Minutes of Meeting
(MOM).

EXTRA-CURRICULAR ACTIVITIES

Dec 2024 – Present
Member of Web Development Team, Google Developers
Group PUP – *Manila City*

Jan 2025 – Present
Member of Media & Publications Department, Institute of
Computer Engineers of the Philippines ICPEP Student Edition –
